## Features of Our GP Tuition Programme

### 1. Skills Development

Our students are taught on the critical **Thinking Skills, Essay Writing Skills and Comprehension Answering Techniques** which improve their capacity to fulfill the requirements of the examination. Our teaching methodology focuses on improving our students' GP examination skills to enable them **to understand competently, think correctly and write expressively to the demand of the GP Examination.**

### 2. Content Enrichment

We enrich the knowledge of our students to enable them to apply their knowledge to the argument of their answer and the derivation of the examples for essay and comprehension in the examination. This content enrichment is taught through our GP discussion done through Class Discussion, Issue Discussion through our online learning platform, GP Learning Video and GP Class material like Flip Side.

### 3. Free Class Practices

We believe in the adage that 'practices make perfect' and we have organized extra class practices to make sure that you get the adequate practices to make your study for GP more exam-oriented and work-based. We provide you a practice structure and a handout on what you need to do make sure that you are learning more efficiently and productively.

### 4. Online Learning – GP Tuition Online

Our online learning programme re-enforces the learning process to shape students more independent and motivated in their learning for the subject. The lessons are divided into learning lessons to re-enforce their reading, thinking, comprehending, writing and answering skills. This is also to enforce the preparation of materials for the final year examination.
